

ECOLOGICALLY SOUND SOLUTIONS TO PEST PROBLEMS

# DEER SCRAM PROFESSIONAL™

Natural and Specially Formulated  
**GRANULAR DEER REPELLENT**

• **COVERS UP TO 13,750 SQ. FT.** • **FOR ALL SEASON USE** •

**EASY APPLICATION INSTRUCTIONS**

**APPLY USING A ROTARY SPREADER**  
RECOMMENDED SPREADER SETTING IS 60%.

**APPLY** as a protective perimeter band at least 18" away from bed or overhanging vegetation. Sprinkle liberally, visibly covering the ground in a 16" wide band around the entire bed of plants to be protected. For overly aggressive deer activity, increase to a 24" wide strip & apply heavier.

**FOR WINTER** Works well under fresh snow, if snow crusts, break up and reapply. Can also be used on top of new snow. To protect targeted plants, place repellent in small thin cloth bags & hang on poles at deer's eating level every 2 feet or on lowest visible branch.

**FOR LAWN AND GARDEN AREAS OF 12,000 OR LESS SQUARE FEET**, we recommend covering the entire area.

**REAPPLY** Deer Scram Professional every 30-45 days after the initial application. May have to reapply after heavy rainfalls.

**ALL SEASON USE!** Each application of Deer Scram Professional should last 30 days including normal rainfall or irrigation.

**DO NOT USE** on food or feed crops. Do not apply directly to water.

**FOR OUTDOOR USE ONLY.**

**PRECAUTIONARY STATEMENTS:** Wash skin after use. Avoid contact with eyes or cuts. If in eyes, flush with water for 15-20 minutes. Call Poison Center or doctor for treatment. **STORAGE:** Store in original sealed container away from direct sunlight or excessive heat. Do not contaminate water by storage or disposal. **DISPOSAL:** Do not reuse empty container. Dispose of properly. Buyer assumes all responsibility for safety & use not in accordance with directions. EPIC represents that this product qualifies for exemption from EPA registration under Section 25(b) of FIFRA and has not been registered by the EPA. **PC5508-20D**
